Mail Stop PCT

Commissioner for Patents
Office of PCT Legal Administration
P.O. Box 1450
Alexandria, VA 22313

To the Attention of the Office of PCT Legal Administration

Sir:

This request for consideration is in response to the Decision dated December 18, 2007.

The Applicants acknowledge confirmation that Items (1), (2) and (3) have been satisfied with respect to 37 C.F.R. §1.47(a). Item (4) is further addressed below.

The Applicants enclose additional evidence demonstrating refusal of the inventor to sign the Application papers. In particular, the Applicants enclose a copy of a Statement of Ms. Sabine Tracol together with a letter that she forwarded to the inventor who refuses to execute the Application, an English translation of that letter as well of proof of sending that letter and proof of acknowledgement of that letter by the addressee.

That evidence demonstrates that the French firm know as BREDEMA is the French patent attorneys for the assignee SPINEVISION for this Application and that she personally sent a letter dated January 21, 2008 to Mr. Vanacker along with a certificate of proof of mailing as well as a proof of receipt. That letter included a copy of the Application and the appropriate papers for

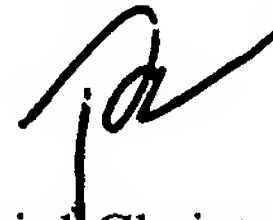

signature by Mr. Vanacker and requested that he return those documents to her by February 10. As of February 15, Mr. Vanacker had exceeded the requested return time by five days.

The Applicants also enclose a copy of a letter (and an English translation thereof) dated February 16, 2008 from Ms. Elisabeth Nenon, who now represents Mr. Vanacker, to the care of Ms. Tracol that unequivocally shows that Mr. Vanacker refuses to sign the Application papers.

The Applicants therefore respectfully submit that this is additional evidence on top of the prior evidence already submitted that Mr. Vanacker refuses to execute the Application. The Applicants therefore respectfully submit that Item (4) has now been satisfied.

The Applicants respectfully request that the Petition under 37 C.F.R. §1.47(a) be granted and that the Application be passed to the Examination Division for examination on the merits.

Respectfully submitted,

STATEMENT

I, undersigned, Sabine TRACOL, from BREDEMA, Patent & Trademark Attorney, 38 avenue de l'Opéra F-75002 PARIS, France, declares that:

BREDEMA is the French agent of SPINEVISION for the international patent application N° PCT/FR2005/000340 filed on February, 11, 2005, regarding « **DEVICE FOR MONITORING THE PENETRATION OF AN INSTRUMENT INTO AN ANATOMICAL STRUCTURE** » the inventorship of which includes Mr. Gérard Vanacker. On August, 11, 2006, the US national phase was filed before the USPTO and was given the following serial number: 10/589,314.

On January, 21, 2008, I personally sent to Mr. Vanacker a registered letter, including a complete copy of the American application No. 10/589,314, together with a Combined Declaration and an Assignment. The letter explained that, as an inventor of the application, Mr. Vanacker was requested to sign both documents in order to make this US application regular, and to send back the executed documents to BREDEMA at the latest on February, 10, 2008. On January, 31, 2008, we received the postal evidence proving that the letter and enclosures were safely delivered to Mr. Vanacker on January, 29, 2008. Today, February, 15, 2008, the letter has remained unanswered and the needed executed documents have not been received by BREDEMA.

Dear Sir,

As instructed by SPINEVISION, we have filed a patent application in the USA, national stage of PCT/FR2005/000340 filed on February, 11, 2005, for which you are named as an inventor.

In order to complete this application before the USPTO and to have it processed in due course, it is compulsory to file a Power of Attorney (*Combined Declaration*) and an Assignment (*Assignment*) executed by the inventors. Therefore, we take the liberty of including herewith said documents (due to their importance, we send them via registered letter with Acknowledgement of Receipt), together with the application documents as filed. Kindly have them **dated, signed and sent back to us (original documents by mail)** at your earliest convenience and **BEFORE FEBRUARY, 10, 2008**.

With many thanks in advance for your prompt assistance in this matter, we remain,

Yours sincerely ;

Dear Ms. Tracol,

Further to the letter dated January, 21, 2008, you sent to our client, Mr. Gérard Vanacker, and regarding the above quoted patent application, I inform you hereby that Mr. Vanacker is absolutely opposed to the assignment of his rights in said American patent application to SPINEVISION company.

For your information, there is a pending procedure before the Paris Court against SPINEVISION company, relating to the commercialization of the international patent application PCT/FR2005/00340 filed on February, 11, 2005, which said American patent application is a continuation of.

Furthermore, SPINEVISION has, on November, 27, 2007, gone to the Paris Industrial Conciliation Board and begun a procedure in order to contest our client's entitlement to the status of SPINEVISION's employee.

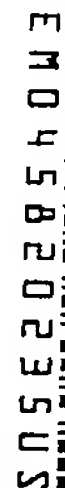

As a result, kindly note that no assignment and no declaration will be sent to you regarding this matter, and that the USPTO will be notified accordingly.

Yours sincerely.

Signed
